**“Towards the Future of Transport R&I: Funding Opportunities, Policies and Actors”**

*28 April 2020*  
*TRA2020*

In the framework of the TRA2020, the Horizon 2020 ‘Smart green and Integrated transport’ National Contact Points (NCPs), jointly with the European Innovation Council NCPs and the ‘Secure, clean and efficient energy’ NCPs, invite you to attend this **“Information and Networking”** morning event to discover the remaining transport-relevant funding opportunities in Horizon 2020 and the new transport R&I trends of Horizon Europe.

The event is addressed to all types of organisations, businesses, research institutes, universities, public authorities and European institutions. SMEs are particularly welcome.

Attending participants will have the opportunity to:

- Learn about the open transport-relevant funding opportunities in Horizon 2020 offered by the "Secure Clean and efficient energy" Work Programme as well as by the European Innovation Council and about the plans for transport R&I in Horizon Europe;
- Network with other potential applicants;

Ask questions and find out where and how to get support with Horizon 2020 proposals!

---

9:00 – 09:15    **Welcome & Registration**

09:15 – 09:30    **Transport R&I towards Horizon Europe**
